JSA Professional Staging Company

Alexander Strizhak

is the leader in providing staging and technical support for concerts and shows on the Russian market. JSA was founded in Moscow in 1996. Since then the Company has been constantly strengthening its market position, improving the technologies used and skills of the personnel. JSA's eight-year experience of implementing large-scale projects has allowed JSA to establish its own niche in the domestic market of show technologies.

Having substantial quantities of state-of-the-art staging equipment and highly professional employees at its disposal, the company is involved in most events carried out in Moscow. An important stage in the development of JSA was its participation in various events during the celebration of the 850th anniversary of Moscow city.

Federal and regional organizations, cities, domestic and foreign marketing-, advertising- and PR-agencies, TV channels, radio stations, and major companies have entrusted JSA with organizing and carrying out their various projects.

JSA has gained the trust of large foreign agencies and managers representing world-class show business stars. JSA participated in the production of concerts and shows of such artists as Jean Michel Jarre, Red Hot Chili Peppers, The Rolling Stones, Montserrat Caballe, Placido Domingo, Rammstein, Paul McCartney and others.

Establishing the company's promotional department was a significant step forward. During 2000 to 2003 JSA organized and successfully carried out concerts of Deep Purple, Alice Cooper, Blackmore's Night, Roxette, Pet Shop Boys, Guano Apes, Muse, Scooter, Ken Hensley and other artists. One event to be pointed out is the Mega-show by Gert Hof on the Red Square on 2003 City Day. The show was planned and carried out by JSA and featured artists such as the Scorpions, Thomas Anders and the Presidential orchestra.

JSA is constantly expanding geographically. The company has participated in projects in more than 60 cities in Russia and abroad. In 1998 JSA established an office in St.-Petersburg. This gave JSA's partners and clients the opportunity to benefit from JSA services also in northern capital of Russia. JSA participated actively in various projects during the 300th anniversary of St. Petersburg.

JSA is an official partner of Layher Company (Germany) and distributor of Prolyte Products (Netherlands) in Russia. JSA sells staging equipment made by these companies on Russian market and provides direct deliveries from the manufacturers.

For both domestic and foreign partners, JSA stands for reliability and quality. JSA's professional team guarantees exact implementation of even the most difficult projects in the field of staging performances, concerts and shows. President and the founder of the JSA Company is Alexander Strizhak.

BIG STAGES

SPECIAL EVENTS

Multitudinous organization of JSA Company on the Red Square

On May 9, 2005 on the Red Square, the festivities on the occasion of celebrating 60-th anniversary of Victory over World War II have taken place. The central part of ceremonial scenery became the scale construction established by JSA Company. It represented a wall along the walls of state department store in length of 79 m., width of 10 m. and height of 30 m. with the big stage in the middle. Erection of the construction was conducted from elements of Layher system and 22 days proceeded. The gross weight of the construction has made more than 260 tons. Decoration has been sustained in uniform stylistics of scenery of a holiday. Important became 20-ton screen on which the staff of the historical chronicle were broadcast. Suspended in the center of a design, the screen was kept with the help of 12 two-tons Prolift chain hosts. After the parade on the central stage the celebratory concert "the Victory over heart for ever" has taken place with participation of well-known Russian actors, a symphonic orchestra, chorus of Pyatnitskiy and with participation of French singer Mireille Mathieu. The additional construction from Layher elements has been constructed at a facade of the Mausoleum.

The tribune on which were present over 50 heads of the states and the governments, including the supreme Russian leadership and the President of Russia V.V. Putin below settled down. Besides employees of JSA Company have established on the Red Square 10 light towers, 7 towers for television chambers, a podium for accommodation of the light equipment on roof of state department store and other necessary equipment under the script.

"The construction created by our experts – one of the largest, when or erected on the Red Square. We are proud that JSA company could offer the technological experience and professional skills of the experts for preparation of so responsible action what became the main ceremony of celebrating of the 60-anniversary of the Great Victory" president of JSA Company Alexander Strizhak has declared.

According to ITAR-TASS information, the Council of Federation has put forward the collective which has prepared a celebratory concert on the Red Square on May 9, on competition of the state premium in the field of the culture and arts for 2005.
