The complex job of keeping people safe

24-30 Delegates List

Welcome

Welcome to the IPM. As usual, it is my pleasure to be hosting the event and presenting the chairmen of the panels we will have, including myself. As usual we have chosen subjects that will provoke discussion and, possibly, provocation, which I hope will keep you all involved, as is the norm. Please participate and enjoy.

Carl A H Martin

They say nothing gets sorted out at conferences, and maybe that's right, but when people have the opportunity to talk openly and share opinions, the route to solutions can be found. Production world is a small but busy place, so it's no bad thing that people use IPM as an opportunity to gather thoughts and set organisations like the PSA the task of looking for solutions.

Andy Lenthall

The CDM regulations were imposed upon event practitioners for the Olympics. Some suppliers and service providers found it very frustrating. Those of us from Australia are used to temporary events being treated as construction sites. What do you think? The collosal experience of Roger Barrett, Lee Charteris, Paul Sergeant and Andrew Stone will be brought to bear to discuss this and other subjects in our session while I attempt to keep order. Come and join us.

Jon (JC) Corbishley

It's now six years since we met in a small circle for the very first time with the aim and intention to follow the example of the ILMC and start an annual exchange within the production world of the concert promoting business.

It fills me with pride and joy to see what has come out of the initial production roundtable (in the first year just 20 delegates). It is incredible to see what has been moved and how the business has changed.

I hope that this forum will stay alive and will continue to do what it has done best – adressing topics and raising awareness to the industry and its active organs...

I'm very much looking forward and once again would like to express my warmest welcome.

Chrissy Uerlings

Around the world CABLE

Wherever you go - we are there

Europe

with infrastructure from eps

eps offers a wide variety of infrastructure rental for events and live entertainment productions - including barricades, seating, ground cover, temporary access roads, mobile sanitary systems, additional equipment like flagpoles or cable protectors, and more.

eps also offers a broad range of services to ensure your event or project runs smoothly, no matter how big or small. This includes site selection and planning, logistics and transportation, installation and dismantling, on-site production management, and post-production reporting.

What's more, our experienced staff can provide expert advice, along with high quality products and fair prices, while our network of reliable partners assures continuity of service around the globe.

There are more than 200 permanent staff working within the eps group. Originally founded in Germany, today eps has subsidiaries in Denmark, Italy, Poland, Switzerland, Australia, United States, and now in Brazil

Find out what eps can do for you.

TURE PROTECTION 4

Itinerary

AM

09:00 IPM Registration Open

The IPM registration desk is located in the lobby of the York Suite

Coffee & tea will be available in Bertie's Bar & Lancaster Suite on Mezzanine level

10:00 – 11:15 Opening Address by Carl A H Martin & Panel Session Moderated by Andy Lenthall

York Suite, Mezzanine Level

Fatigue (including substance abuse)

In association with TPI

Chaired by Andy Lenthall (PSA) we will consider the situation in terms of the scheduling of working hours, exploitation of personnel and the subsequent abuse of narcotics and other substances that can follow from this. Considering what should be done to alleviate these dangerous practices, this year we will focus on certain local issues as a starting point.

11:15 - 11:45 Coffee & Tea Break

Bertie's Bar & Lancaster Suite, Mezzanine Level

11:45 - 13:00 Panel Session Moderated by Jon (JC) Corbishley

York Suite, Mezzanine Level

Industry Information

Construction and Design Management regulations (CDM) is becoming an increasingly important subject for discussion internationally. We will explain what it is and the possible ramifications for our industry. Lead by Jon (JC) Corbishley (The Safety Officer Pty Ltd) the panel will discuss, compare and inform what is happening in terms of its development as well as other items of interest such as visas, work permits and customs clearance.

1PM 2013

13:00 - 14:30 Buffet Lunch

Bertie's Bar & Lancaster Suite, Mezzanine Level

14:30 - 15:45 Panel Session Moderated by Carl A H Martin

York Suite, Mezzanine Level

Green Issues

Chaired by Carl A H Martin (cahm.uk) this panel will include environmental experts who will explain what is happening and why in relation to the events industry. From festivals to venues and touring to personnel issues, we do not intend this session to be an argument between those who agree with the green agenda and those who don't. We want this to be a grown-up, objective debate.

15:45 - 16:15 Coffee & Tea Break

Bertie's Bar, Mezzanine Level

16:15 - 17:45 Panel Session Moderated by Chrissy Uerlings & Conclusions of the day

York Suite, Mezzanine Level

IPM - The Past, The Present, The Future

Sometimes it's important to look back and recognise what we have achieved in order to move forward. Chrissy Uerlings (Christoph Uerlings Productions) and the panel will review past content of the IPM, where the industry currently stands and, most importantly, where it is heading. A chance for us to remind each other of the good that has come from the original ILMC Engine Room panel leading through to the IPM and how to continue this into the future.

18:00 - 20:00 IPM Closing Drinks

with compliments of our sponsors EPS & Megaforce Bertie's Bar, Mezzanine Level

Thank you

We would like to thank all our delegates, supporters, sponsors and partners for their contribution to what is already the sixth ILMC Production Meeting.

Giving up their time to work together to create a valuable day of panel discussions we very much appreciate the contribution made by our chairs Carl A H Martin, Andy Lenthall, Chrissy Uerlings and Jon (JC) Corbishley. We can't thank you enough.

The IPM would not be able to thrive without the continued support of Martin Hopewell and the ILMC team - thank you and congratulations on the remarkable achievement of 25 years of ongoing industry support!

We are especially grateful to our loyal sponsors for providing the necessary support to continue these important discussions.

Every year our international panellists generously contribute their time and share their knowledge and experience for the greater good of the production community, bringing essential topics to the table to be taken further than just today. Thank you for making the IPM so much more than a great opportunity to network and a gathering of old and new friends. Discussion and networking continues throughout the year. With the back up of media such as *IQ Magazine*, *TPI* and support from the PSA we know we can keep communicating all year round, around the world and bring you relevant and up-to-date content.

And finally to all our delegates from around the world, without whose participation, ideas and voices, we would have no IPM at all, our heartfelt thanks and appreciation.

Thank you one and all.
